THE WONDER OF GIFT AID

Gift Aid is a great and easy way for charities to **increase the value of your donations...** by claiming back the basic rate tax paid by the donor.

HOW IT WORKS

When an individual, sole trader or partnership gives money to our charity, we can take their donation under the Gift Aid Scheme – which is money they've already paid tax on – and reclaim basic rate tax from HM Revenue & Customs on its 'gross' equivalent – the amount before basic rate tax was deducted.

If you are a higher rate tax payer, they also benefit from the tax relief as they can claim back the difference between their higher rates of tax at 40 or 50 per cent and the basic rate of tax at 20 per cent on the total value of their gross donation.

Currently, every £1 YOU give we can claim an extra 25 pence for the charity! In order to make a Gift Aid donation you'll need to make a Gift Aid declaration. See Form on this page.

TECHNICAL STUFF

You can use Gift Aid if the amount of Income Tax and/or Capital Gains Tax you've paid in the tax year in which your donation is made (6 April to 5 April) is at least equal to the amount of basic rate tax the charity is reclaiming on your gift. If you make a number of donations you will need to consider the tax you've paid on each donation on an accumulative basis. If you don't pay enough tax you may be required to pay any shortfall in tax to HMRC. You don't necessarily have to be working to be paying tax. Keep a record of the total amount of your Gift Aid donations for each tax year.
